

REMARKS

Claim 15-16 is amended. Claims 15-18 are pending and under consideration.

Independent claim 15 recites displaying simultaneously a major channel number and at least one minor channel number of programs received through said major channel. In contrast, Eyer (relied upon as teaching displaying major and minor channel numbers) teaches that the display sequence goes 10 (primary channel) and then 111 (secondary channel). Thus, the primary and secondary channel numbers are not simultaneously displayed.

Accordingly, withdrawal of the rejection is requested.

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,
STAAS & HALSEY LLP
